All wires should be tested prior to final hook up.

## Keyless Entry Wiring

### Years

2016 +

### Lock Wire Color(s)

Black

### Unlock Wire Color(s)

Blue

### Location

Driver side kick panel.

### Installer's Notes:

\*When testing the wire **do not** turn the ignition on. **Do not** use the key fob. When using the key fob in the cab of the truck the computer thinks you are locking the keys in the cab of truck. You will get a double trigger action on the door and on your tester light. **Only** use the doors lock and unlock. All wires should be tested prior to final hook up.
